

Q1 This survey will allow anglers to provide input on the management of the fishery at Jordanelle Reservoir. In recent years, there has been reduced fishing pressure at the reservoir. The Utah Division of Wildlife Resources will use the results of this survey, as well as meetings with the public, to develop an updated management plan for Jordanelle Reservoir. We want to identify ways to increase and improve fishing opportunities. How often have you fished Jordanelle Reservoir in the past five years?

Answered: 693 Skipped: 3

Answer Choices	Responses
Never	18.90% 131
1-5 times per year	54.26% 376
5-10 times per year	15.58% 108
More than 10 times per year	11.26% 78
Total	693

#	If more or less, please let us know why.	Date
1	most times i get skunked.	3/26/2015 4:45 PM
2	I live closer now	3/26/2015 12:25 AM
3	decreasing water levels, mercury poisoning	3/25/2015 3:49 PM
4	to many ski boats and personal water craft	3/25/2015 11:32 AM
5	I had access to a boat	3/25/2015 10:25 AM
6	younger and didn't have the equipment	3/25/2015 9:07 AM
7	Chub population, too scary at times to navigate all boats flying around	3/24/2015 10:58 PM
8	busy with kids and school	3/24/2015 10:04 PM
9	curiosity	3/24/2015 9:57 PM
10	Conflicts with recreational use and reduced fish quality	3/24/2015 9:37 PM
11	I used to catch more smallies	3/24/2015 9:12 PM
12	Water to low, to many boaters.	3/24/2015 9:02 PM
13	just doesn't seem to produce quality fish	3/24/2015 8:35 PM
14	i fish there less because of inconsiderate people that are there enjoying water sports and don't seem to care or know about the wake rules. also there are lots of chubs in the water. more than i have ever caught anywhere else.	3/24/2015 8:25 PM

Jordanelle Reservoir Management Plan Survey

15	Poor fishing. Smaller bass	3/24/2015 7:32 PM
16	less quality fish	3/24/2015 7:31 PM
17	too many water skiers/boatets	3/24/2015 7:22 PM
18	Searching for trophy Browns	3/24/2015 7:20 AM
19	Got my own boat	3/22/2015 11:21 PM
20	Smallmouth and perch seem to have declined	3/21/2015 6:01 PM
21	Less free time	3/21/2015 3:36 PM
22	larger bass have disappeared.	3/20/2015 4:45 PM
23	Bass quality tanked after u quit planting fingerlings	3/19/2015 11:01 PM
24	use to go down there for the superior bass fishing. but that has fallen apart and I rather go to different lake now	3/19/2015 8:54 PM
25	To many fees! Or taxes however you want to put it	3/19/2015 8:31 PM
26	large smallmouth numbers down	3/19/2015 7:58 PM
27	Quality of fishery	3/19/2015 7:19 PM
28	Smallmouth fishing declined	3/19/2015 7:02 PM
29	Less because the amount of little fish are to high. It's been harder to catch big fish	3/19/2015 6:02 PM
30	fishing has not been good for years except late fall.	3/19/2015 4:57 PM
31	Bass populations and quality have gone way down.	3/19/2015 11:19 AM
32	to many people	3/19/2015 10:50 AM
33	Smallmouth fishery has declined	3/19/2015 10:01 AM
34	To many jet skiers and boat going way to fast	3/18/2015 8:45 PM
35	Poor Fishery	3/18/2015 8:03 PM
36	The power boats are everywhere... tearing up the place.	3/18/2015 4:56 PM
37	worse fishing and too many people	3/18/2015 4:47 PM
38	Too many large fast boats. Use inflatable craft	3/18/2015 3:57 PM
39	I fished it 3x a week about 10 years ago when the Smallmouth population was strong.	3/18/2015 3:01 PM
40	poor catch rate	3/18/2015 12:07 PM
41	Better fisheries nearby	3/18/2015 11:49 AM
42	Fish are stunted	3/18/2015 2:06 AM
43	Chubs	3/17/2015 7:29 PM
44	power boat, jet ski,	3/17/2015 5:22 PM
45	NO MORE BIG BASS	3/17/2015 4:34 PM
46	I fish more generally than 5 years ago.	3/17/2015 3:59 PM
47	Fishing quality and quantity has dropped substantially	3/16/2015 11:37 AM
48	poor fishing	3/15/2015 8:45 PM
49	fishing is not as good and smaller fish.	3/15/2015 5:36 PM
50	To much fast boat activity	3/13/2015 4:56 PM
51	Less time	3/13/2015 11:43 AM
52	Too many boats, less fish	3/12/2015 9:31 PM

Jordanelle Reservoir Management Plan Survey

53	lots of fishing, but very little catching	3/12/2015 10:48 AM
54	tough fishing, spear Fisher men allowed!!	3/11/2015 10:04 PM
55	Smallmouth Bass	3/11/2015 9:40 PM
56	perch populations down. smallmouth limit to small. 2 over is better.	3/11/2015 11:52 AM
57	The decline of quality Smallmouth Bass.	3/11/2015 11:47 AM
58	Smallmouth Bass fisher crashed	3/11/2015 10:01 AM
59	not as good fishing as other places I go	3/11/2015 9:20 AM
60	decline of the smallmouth and perch populations	3/11/2015 9:02 AM
61	I didn't live here then.	3/11/2015 8:26 AM
62	Bass fishing isn't what it used to be. User conflicts with water skiers.	3/11/2015 7:59 AM
63	fish down	3/10/2015 11:51 PM
64	poor trout fishing	3/10/2015 9:25 PM
65	fishing started to go down hill fast	3/10/2015 9:08 PM
66	,no water.	3/10/2015 8:31 PM
67	Fees, Too many crazy skiers.	3/10/2015 7:23 AM
68	Fishery has declined.	3/9/2015 7:01 PM
69	haven't caught much other than 12" planter rainbows	3/8/2015 10:04 PM
70	Small mouth fishing has declined	3/8/2015 1:14 PM
71	Closer places to fish.	3/7/2015 10:04 AM
72	Reckless recreational boaters, and poorer fishing.	3/7/2015 9:57 AM
73	closer	3/6/2015 9:18 PM
74	bass fishing is not like they used to be	3/6/2015 6:14 PM
75	Smaller fish and power squadron	3/6/2015 3:36 PM
76	its close to SLC	3/6/2015 1:00 PM
77	Rock Cliff side boat ramp is a muddy mess Ive got stuck out there or People fish directly from the boat ramp	3/6/2015 12:47 PM
78	I target Bass and Perch. When they declined so did i	3/6/2015 12:35 PM
79	Not as many trophy smallmouth	3/6/2015 11:29 AM
80	Caught too many chubs and the ice has been terrible.	3/6/2015 11:17 AM
81	Fishing for trout seemed to have substantially declined. Also, too many ski boats.	3/6/2015 11:06 AM
82	Without a state park pass, it's not worth going. Nowhere to park for without a day use fee (for OUR state park) and incredibly high day use fee.	3/6/2015 7:33 AM
83	The smallmouth bass population seems to have decreased and also size of all species of fish	3/5/2015 9:54 PM
84	Declining fishery	3/5/2015 9:37 PM
85	Too many recreational boats	3/5/2015 8:17 PM
86	wasn't fishing anything frequently- no boat or gear	3/5/2015 6:55 PM
87	Ice conditions have not been good during the winter. To many wake/ski boats during the summer months	3/5/2015 5:27 PM
88	Deer Creek is closer to home	3/5/2015 5:13 PM
89	Too many wakeboaters	3/5/2015 4:45 PM

Jordanelle Reservoir Management Plan Survey

90	Smallmouth fishing is not what it was	3/5/2015 4:24 PM
91	Perch on the downside, dam closed to access it was great for smallies.	3/5/2015 4:12 PM
92	I live to far away now.	3/5/2015 4:04 PM
93	Spearfishing was discontinued.	3/5/2015 3:07 PM
94	Quality of small mouth declined drastically	3/5/2015 1:47 PM
95	I've learned to how to fish for the brown trout more effectively.	3/5/2015 12:49 PM
96	Too developed	3/5/2015 12:36 PM
97	access on the east side is hard	3/5/2015 11:54 AM
98	Fewer and smaller fish	3/5/2015 11:21 AM
99	Quality of fishing	3/5/2015 10:46 AM
100	Caught fewer and fewer fish. Lots of ski boats making waves	3/5/2015 10:23 AM
101	live farther, no longer worth the drive	3/5/2015 10:09 AM
102	Access to fishing spots and quality of the fishing.	3/5/2015 9:57 AM
103	Been catching less perch, and smaller ones	3/5/2015 9:43 AM
104	over crowded and low water.	3/5/2015 9:31 AM
105	Quality of bass fishing is declining.	3/5/2015 9:11 AM
106	Water level and personal reasons	3/5/2015 8:59 AM
107	Smallmouth are small	3/5/2015 8:58 AM
108	less access, crowded conditions, power boats	3/5/2015 8:32 AM
109	Perch fishing is no good, and bass are small	3/5/2015 7:51 AM
110	low lake levels around rock cliff	3/5/2015 6:36 AM
111	The perch are getting decent sized now	3/5/2015 6:30 AM
112	less, small bass and fee areas everywhere. I would go there more but paying 10 dollars to fish offshore by the boatramp is kinda crazy.	3/5/2015 6:04 AM
113	expensive entrance fee	3/5/2015 4:30 AM
114	work	3/4/2015 11:59 PM
115	Not as many big browns	3/4/2015 11:30 PM
116	Small Fish and wake boats	3/4/2015 11:19 PM
117	less due to time and the bass fishing was amazing bout 5 years ago	3/4/2015 11:03 PM
118	bad fishing	3/4/2015 10:34 PM
119	Too many boats	3/4/2015 10:32 PM
120	Too much fishing pressure and the quality of fish has decreased.	3/4/2015 10:30 PM
121	Bass fishing hasn't been like its glory days	3/4/2015 9:38 PM
122	The fishing wasn't good	3/4/2015 9:33 PM
123	fishing has slowed down	3/4/2015 9:28 PM
124	i no longer live in kamas and i have better fishing at rockport when i come up too fish.	3/4/2015 9:23 PM
125	It became overfished. During the summer the lake is overrun with ski boats	3/4/2015 9:14 PM
126	personal rerasons	3/4/2015 9:13 PM

Jordanelle Reservoir Management Plan Survey

127	The fishing has gotten worse	3/4/2015 9:12 PM
128	Cost to get in park	3/4/2015 9:10 PM
129	The bass fishing is the best.	3/4/2015 9:08 PM
130	We love spearfishing...	3/4/2015 9:02 PM
131	to many rec. boaters	3/4/2015 9:02 PM
132	trout fishing is poor	3/4/2015 9:01 PM
133	no big bass	3/4/2015 9:00 PM
134	Quality not as good as other waters	3/4/2015 8:55 PM
135	The fishing has Been Terrible the last 4-5 years, and the fish that have been caught haven't been more than 13 inches	3/4/2015 8:54 PM
136	too many small fish	3/4/2015 8:47 PM
137	Crowds,	3/4/2015 8:34 PM
138	it appears it more for rec boaters	3/4/2015 8:32 PM
139	Size restrictions on smallmouth you can keep	3/4/2015 8:29 PM
140	the quality of perch and bass fishing has dropped significantly	3/4/2015 8:28 PM
141	the smallmouth fishing declined	3/4/2015 8:24 PM
142	I live in summit county now	3/4/2015 8:23 PM
143	Bass	3/4/2015 8:17 PM
144	Poor fishing	3/4/2015 8:16 PM
145	Poor fishing results	3/4/2015 8:09 PM
146	WAY too many watersports craft on the lake during the warm months, definitely annoying	3/4/2015 8:07 PM
147	park managemnt	3/4/2015 8:07 PM
148	fishing has gone down while prices rise and without a boat its hard to find space	3/4/2015 8:07 PM
149	Recently began fishing at the Jordanelle	3/4/2015 8:02 PM
150	Not any fish in there I can't catch somewhere else now	3/4/2015 8:00 PM
151	never had a great experience	3/4/2015 7:59 PM
152	The catch rate declined	3/4/2015 7:59 PM
153	road access for shore fishermen	3/4/2015 7:56 PM
154	Don't live as close to it.	3/4/2015 7:56 PM
155	It's all about the Bass.	3/4/2015 7:55 PM
156	I've gotten more involved in fishing	3/4/2015 7:55 PM
157	Too many people water skiing.	3/4/2015 7:53 PM
158	There were not fish	3/4/2015 7:53 PM
159	To much recreation	3/4/2015 7:45 PM
160	access is bad	3/4/2015 7:39 PM
161	I now live here full time	3/4/2015 7:36 PM
162	Quality of fishing has gone down. Inconsiderate water sports users have gotten worse.	3/4/2015 7:33 PM
163	I've had less success for trout than I used to, and I don't like paying the fee when there are free options close by.	3/4/2015 6:57 PM

Jordanelle Reservoir Management Plan Survey

164	poor bass fishing	3/4/2015 6:01 PM
165	to many recreation crafts	3/4/2015 5:58 PM
166	The crowds and water levels	3/4/2015 5:52 PM
167	To many water skiers	3/4/2015 5:50 PM
168	Better opportunities elsewhere	3/4/2015 5:10 PM
169	poor fishing and too crowded	3/4/2015 4:27 PM
170	don't catch as much now	3/4/2015 4:21 PM
171	For whatever reason fish are few	3/4/2015 4:18 PM
172	Gets to crowded with pleasure boats	3/4/2015 4:16 PM
173	I fish it more because i have gotten into bass fishing.	3/4/2015 4:07 PM
174	No enforcement of wakefree zones. Also too loud of speakers on the [REDACTED] wakeboard boats.	3/4/2015 4:06 PM
175	Decline in fishing productivity and increase in boating	3/4/2015 3:20 PM
176	Bass fishing quality went down and trout fishing	3/4/2015 2:57 PM
177	Moved closer	3/4/2015 2:32 PM
178	Ramp is too crowded	3/4/2015 2:30 PM
179	Just started gaining an interest in SMB at the lake	3/4/2015 2:30 PM
180	less fish, to many boats on week end. who follow there own rule.	3/4/2015 2:02 PM
181	not as much success. other waters have produced better.	3/4/2015 1:58 PM
182	crowded	3/4/2015 1:57 PM
183	I fish in the spring and fall for brown trout	3/4/2015 1:53 PM
184	Relative moved away from the area....	3/4/2015 1:43 PM

Jordanelle Reservoir Management Plan Survey

Q13 Please provide any additional suggestions about changes you would like to see in an updated Jordanelle Reservoir Fishery Management Plan.

Answered: 232 Skipped: 464

#	Responses	Date
1	Manage as a trophy brown trout fishery. More brown trout!!!!	3/25/2015 6:16 PM
2	Increase access around south and south/east regions	3/25/2015 3:53 PM
3	This is one of the best smallmouth fisheries in northern utah and I would like that to continue.	3/25/2015 12:49 PM
4	Big Trout desired!	3/25/2015 12:21 PM
5	My number one suggestion on this and nearly every other lake in Utah would be to have wake-less areas that are accessible to float tubers and kayakers. In Jordanelle, this would best be accomplished by improving access at Rock Cliff since with low water it is very difficult to get close to the shore.	3/25/2015 8:53 AM
6	Don't hike rates for winter access	3/25/2015 2:50 AM
7	If you can stick with wiper do so, otherwise largemouth bass would be good too.	3/24/2015 11:07 PM
8	Control chub population, ticket reckless boaters	3/24/2015 11:02 PM
9	Lower access fees. Raise the amount of money wildlife and parks recieve to operate from govt	3/24/2015 10:49 PM
10	More fish, possibly through stocking.	3/24/2015 10:00 PM
11	More designated fishing areas.	3/24/2015 9:40 PM
12	bigger bass more large mouth	3/24/2015 9:35 PM
13	Manage as a trophy brown trout fishery	3/24/2015 9:19 PM
14	No jet skis	3/24/2015 8:51 PM
15	set aside fishing days and water activity days specific throughout the week. curb the chub population and enforce boat safety rules.	3/24/2015 8:33 PM
16	Allow more access to the lake besides the marina. Where you don't have to hike 5 miles. And don't charge everyone \$10. I'll go to strawberry any day over jordanelle because of the state park fees.	3/24/2015 7:48 PM
17	Grow big fish and they will come...	3/24/2015 7:38 PM
18	Would love to fish there more, just too many boaters. Also not slot of areas to fish from shore without paying an arm and a leg.	3/24/2015 7:26 PM
19	Bring the bass back,4 years ago it was a great place to fish	3/24/2015 7:23 PM
20	State pass fees should include all the reservoirs in the state, thats a joke. Crowding is a real issue. Seems alot of warm water species are being introduced more and more throughout the state and I would like to see more trophy trout waters like there once was in the state. Or diversify locations on Tiger Muskies of trophy class other than Pineview. The potential for that body of water seems more idealistic for much bigger fish.	3/24/2015 7:29 AM
21	The main thing you can do to help Jordanelle is control the recreational boaters. I won't go there on a weekend during the summer.	3/22/2015 11:25 PM
22	The bass have ruined the fish size at Jordanelle	3/22/2015 10:59 AM
23	Anything that would increase the numbers and size of smallmouth	3/21/2015 6:07 PM
24	Need many more fish planted	3/21/2015 10:53 AM
25	Outlaw spear fishing	3/21/2015 8:25 AM

Jordanelle Reservoir Management Plan Survey

26	Largemouth bass, slot limit on bass, restrict killing of larger bass	3/20/2015 4:49 PM
27	Needs more brown trout stocked	3/20/2015 9:17 AM
28	Please, Please, Please manage this lake for Trophy Brown trout. They are in the lake now, maybe protect the larger browns somehow? I love the chance at a trophy fish, and browns are my favorite.	3/20/2015 8:16 AM
29	Slot limits	3/19/2015 8:59 PM
30	I would like to know what species would thrive in jordanelle. Then act accordingly. I do not think I should have to pay to park and fish the shore. However, I feel if your using a boat a nominal fee would be appropriate. For maintenance purposes. I'm moving to kamas soon and I will be looking at jordanelle to provide great fishing options as it will be closer to me	3/19/2015 8:39 PM
31	More management to improve bass fishing. Used to be a world class smallmouth lake	3/19/2015 7:22 PM
32	Need to go us on forage fish for smallmouth bass, add underwater structure, stop spear fishing for game fish.	3/19/2015 7:09 PM
33	eliminate spear fishing for warm water sport fish	3/19/2015 7:02 PM
34	Manage for trophy brown trout. The lake is best in fall and winter for fishing when the water sports boat are not utilizing it. Almost impossible to fish in the summer. More brown trout!!!	3/19/2015 5:06 PM
35	Anything you need to do to improve the fishing. Maybe somehow increase the habitat and food quality and quantity.	3/19/2015 5:00 PM
36	Jordanelle used to be the best lake to catch quality sized smallmouth bass. It was not managed the way it needed to be and now it is one of the worst places to fish for smallmouth. Jordanelle used to be my number one destination to fish. Now I have not been on the lake in two years. If action is taken and smallmouth quality goes up, I will fish Jordanelle all year and be more than happy to pay the fees to launch and fish again.	3/19/2015 11:29 AM
37	BIGGER AND MORE SMALLMOUTH BASS AND LARGEMOUTH BASS ALSO ADD KOKANEE SALMON	3/19/2015 11:14 AM
38	more focus as a smallmouth/largemouth fishery	3/19/2015 10:04 AM
39	It seems this is a difficult fishery. I would like to see higher numbers of fish. The species is less important.	3/19/2015 8:49 AM
40	Manage the Small Mouth Bass we have plenty of Trout Fisheries.	3/19/2015 8:01 AM
41	BAN Catch and release	3/19/2015 7:26 AM
42	Manage for trophy brown trout	3/19/2015 7:14 AM
43	Fish management is good. The reason we don't fish here more, is too many power squadron in warmer summer days.	3/19/2015 6:22 AM
44	too crowded	3/19/2015 12:14 AM
45	In reality I don't necessarily care what species is available at Jordanelle, I would just like for it to improve as a fishery as I drive by it many times and think it would be nice to fish there but i don't because of typically slow fishing.	3/18/2015 8:07 PM
46	there are to many water skiers to fish on weekends and in warmer weather cold weather fishing is good	3/18/2015 7:49 PM
47	Plant more brown trout	3/18/2015 6:10 PM
48	Without at least strict no wake zones for the power boaters, I am likely to never fish Jordanelle again... they can have it.	3/18/2015 5:00 PM
49	Rock cliff arm would be great to see wake less. I could launch without worrying about getting run over by power boats.	3/18/2015 4:01 PM
50	Whatever you can do to bring back the Smallmouths!!	3/18/2015 3:02 PM
51	Something should be done for the shore fisherman I dont fish from the shore but it would be nice if the DWR could build a pathway along the shoreline so people have area to fish from.. As of now people fish from the extended boat ramp interfering with launching and docking of watercraft. I feel bad when I return to dock my inflatable pontoon boat and have to paddle over people lines. But I have no choice there on the boat ramp. I have no were else to dock my boat and shore fisherman really don't have anywhere to fish from. 2. On the Rockcliff side what are the possibilities of moving the water bouys further out to were the channel meets the main area of the lake. This creates a compromise for water skiiers/fast moving watercraft and anglers/recreation (swimmers, people just relaxing in there boat ect ect) without the worry of being run over by a fast moving boats or watercraft.	3/18/2015 1:01 PM

Jordanelle Reservoir Management Plan Survey

52	My primary fishing style is on a float tube. When the family is with me I'm on the shore most of the time. But my most frequent trips are on tubes. I've favored deer creek over jordanelle mostly because the greater launch location choices at deer creek. There are so few locations to launch from at Jordanelle and each location has been overrun by motorized craft that it's not very appealing to launch. I'm optimistic with the new work being done at the north end where craft without motors will be able to launch. Then also with deer creek now having muscles I'm looking for a new destination to avoid needing to accommodate the really long decontamination periods (barring having it professionally cleaned at the lake). The other negative was the perception of high mercury levels in at least the brown trout in Jordanelle. The best thing I think that could be done for Jordanelle is to have more points of access to the lake and more wake free areas to give those fishing or doing other "calm" activities a better chance to enjoy themselves.	3/18/2015 12:37 PM
53	Fresh water King salmon would be a great drawing card. Great for the economy as well as a great drawing card. They have good spawning source and a great all around fish.	3/18/2015 11:21 AM
54	More brown trout	3/18/2015 6:45 AM
55	I'd like to get some fish in Jordanelle that can control the perch a bit better so they don't stunt the rest of the species as much. I don't think the bass and trout do it well enough. I have caught walleye in there, and it might be possible to do it with a sterile species like tiger musky as well. The lake used to fish better for bass, and that doesn't seem to be the case any more.	3/18/2015 2:09 AM
56	Manage for brown trout	3/17/2015 8:14 PM
57	Get rid of the chubs	3/17/2015 7:30 PM
58	Jordanelle is the only lake in Utah that you can catch large numbers of browns. Please manage this way and make it a trophy brown trout fishery. Plant more browns and put a slot limit in place to protect them.	3/17/2015 6:18 PM
59	More brown trout and manage for trophy size. Brown trout need a slot limit. One over 24 inches and 18"-23" go back	3/17/2015 6:12 PM
60	Manage for bigger brown trout	3/17/2015 5:56 PM
61	Manage for trophy brown trout	3/17/2015 5:43 PM
62	it all about money, they like number of boater, jet ski, fishery is 2nd.	3/17/2015 5:27 PM
63	PUT A SLOT LIMIT ON THE BASS SO THE SIZE WILL GET BIGGER..	3/17/2015 4:41 PM
64	Slot limits on all Trout and Bass	3/17/2015 4:35 PM
65	I'd like to see Jordanelle create a unique fishing experience that would differentiate it from nearby Deer Creek and Strawberry. Without much more information on the ecology of the lake, I really can't make an intelligent recommendation which species/experience may provide the differentiation.	3/17/2015 4:22 PM
66	Add kokanee salmon. We need more waters in Utah that have good healthy populations closer to the front.	3/17/2015 3:47 PM
67	I really like the idea of kokanee. Take some pressure off the best kokanee fishery in the US, Flaming Gorge. FG is should be the priority for Kokanee, and it would help to have a few more lakes to help take up the pressure. Starvation would be another good kokanee water. More kokanee!!!	3/16/2015 5:19 PM
68	Like to catch rainbow but just not enough of them to keep me going or entertained so I switch to fishing for smallmouth in the summer because I can't catch enough rainbow but I can catch more smallmouth which I like. I would like to catch more brown trout. Haven't caught any of the big ones I've seen and heard about but would like more of an opportunity to catch them.	3/16/2015 3:59 PM
69	Bring it back to 2005-2008 composition	3/16/2015 11:38 AM
70	remove all rainbow trout from the upper Provo river system, cutthroat and rainbow interbreeding is bad for the cutt species. get rid of the rainbows and any other species that will have negative effect on cutthroat I would think musky too would be a bad idea	3/16/2015 9:02 AM
71	Small mouth bass are too thick. They need to go. Just no size	3/15/2015 8:49 PM
72	Make Jordanelle a trophy trout lake, like Crowley Lake in the Sierra's near Mammoth ski resort. At certain dates, you can't keep certain fish and a certain size.....it grew monster trout.	3/15/2015 5:42 PM
73	How about a plan for the Provo River? It's very heavily fished.	3/13/2015 11:00 PM

Jordanelle Reservoir Management Plan Survey

74	I think that Jordanelle is more of a water ski lake and that you should not spend a lot of tax dollars trying to make it a major fishery. If you would close the entire east arm to water sports, then maybe you could attract more fisherman. Then I could see spending some money to develop a better fishery.	3/13/2015 5:09 PM
75	Better access for shore fishing away from the swimming areas. We are older and unable to hike long distances over rough / rocky areas; but we still love to fish!	3/13/2015 7:16 AM
76	too many poachers, find the guys that keep smallmouth bass fish over 12" I don't think the slot limit for the small bass is working, nothing over 12" should be kept, all bass over 12" should go back in the lake.	3/12/2015 9:35 PM
77	More bass planed	3/12/2015 7:12 PM
78	Must replace the fish populations as they get depleted.	3/12/2015 11:27 AM
79	increase yellow perch population as a forage source.	3/12/2015 10:54 AM
80	Management that promotes larger smallmouth and browns is likely to solve most of this fishery's current problems by also increasing the size of yellow perch and Utah chubs by reducing competition by reducing their numbers through predation by the bass and brown trout!	3/12/2015 9:57 AM
81	but muskie in jordonelle to eat the smaller fish	3/12/2015 6:13 AM
82	Manage for a trophy smallmouth fishery. It was once, now it's gone.	3/12/2015 5:14 AM
83	pine view became my favorite reservoir last year because the smallies are big. there are good large mouth and if you get lucky, can catch a tiger muskie. more lakes like this would be great.	3/12/2015 12:00 AM
84	Expansion of wakeless area.	3/11/2015 11:30 PM
85	Improve small mouth. Fishing..outlaw spear fishing!!	3/11/2015 10:07 PM
86	Get the smallmouth size back to what it used to be	3/11/2015 8:54 PM
87	Water quality, food resources for the fish that are there and other access to the shorelines.	3/11/2015 7:55 PM
88	A slot limit protecting larger fish	3/11/2015 4:10 PM
89	Encourage enough harvest of larger Bass/others to balance predator to pray population when the lake is healthy. Augment the population of perch/other until that happens.	3/11/2015 12:00 PM
90	I would like to see a the personal water craft launch area maintained a little better so trucks don't get stuck in the sand as much. But as a whole love fishing there and would be stoked to see bigger and fish come from the lake.	3/11/2015 10:44 AM
91	Grow the small mouth population	3/11/2015 9:17 AM
92	It would be fun to catch tiger muskie at a reservoir closer to SLC. Similar to pineview and Ogden. Another would be increase the fish counts to make it a more productive fishery (Think Uintas) for kids and families alike.	3/11/2015 8:33 AM
93	Perhaps an additional forage fish for the Smallmouth Bass?	3/11/2015 8:02 AM
94	Wipers sogeye	3/10/2015 11:54 PM
95	Parking closer to the water	3/10/2015 8:32 PM
96	Increase bass limit to 12 fish with a slot of 12"-18" and only 1 over 18 can be kept. I keep hearing that smallies are stunted in all of our reservoirs. Well increase the limit then and protect the spawners 12-18 inches. I would love to be able to harvest 12 ,11 inch bass in an outing.	3/10/2015 10:55 AM
97	I believe stocking fingerling trout in large numbers will help both the quality of the trout fishery and help the bass. Fingerling trout are more "naturalized" than "catchable" stocked trout once they achieve "catchable" size and will, if stocked in appropriate numbers help sustain the bass.	3/9/2015 7:09 PM
98	cheaper day use fees. more day use access.	3/9/2015 11:50 AM
99	Lower fees to fish from the bank	3/8/2015 8:46 AM
100	Put in access on the north end maybe...Big reservoir for only two access points....	3/7/2015 11:30 PM
101	Please manage Jordanelle as a trophy Brown Trout fishery. We don't have a lake in Utah like it.	3/7/2015 2:14 PM
102	Allow fisherman access to the lake until 10 am before allowing water skiers. That is the main reason I quit fishing there.	3/7/2015 11:39 AM

Jordanelle Reservoir Management Plan Survey

103	Put a cap on the number of boats. The recreational crowd can be downright dangerous to us float tube guys. I like the idea of new species. Whatever route is taken, we should focus on quality fish. We have enough put-and-take lakes full of stocker rainbows. Maybe the idea of wake less zones on the lake would work.	3/7/2015 10:02 AM
104	Lake trout, kokanee & musky	3/6/2015 6:19 PM
105	Manage as a brown trout fishery	3/6/2015 1:41 PM
106	Management Plan needs to be both for rec and larger opportunities. Can you imagine catching 22in. rainbows or 14in. Bass from a paddleboard?! It would be awesome!	3/6/2015 1:05 PM
107	Please cement the extended boat ramp on the Rock Cliff Side I understand water levels vary but many people are getting stuck in the mud on that side and well it become useless if a guy in his truck is stuck on the ramp.	3/6/2015 12:51 PM
108	It is nearly impossible to fish in the summer on a weekend at Jordanelle. The yahoos running around in the skiboats are deadly. If there was a safe place to fish, like if the Rock Creek Arm was made a wakeless area (or a 10mph area), that would help. We'd at least have a place to fish.	3/6/2015 11:20 AM
109	A boat launch area and bay restricted to non-motorized boats/tubes/paddle boards, etc.	3/6/2015 11:10 AM
110	Please manage for bigger brown trout	3/6/2015 10:17 AM
111	none	3/6/2015 9:03 AM
112	As an avid angler, I would love to spend more time at Jordanelle, but I can't seem to find any public access points near the places I'd want to fish (Rock Cliff & near the dam) without that ridiculous day use fee. I'm there to fish, not walk the nature park, use the facilities, or boat ramp. My previous trips have been fun and enjoyable, but for that day use fee, I can drive my car to much better water with less people. More public access without a day use fee is needed, and if it already exists, WHERE??? I've driven around the whole lake looking for access and never found it. The state employee I asked told me there isn't any. I can't park my car and access PUBLIC water without being shaken down for cash? Gimme a break!	3/6/2015 7:41 AM
113	Jordanelle was once a world class bass fishery. The structure depleted which seemed to cause the forage to spread out and not as abundant. The size of bass seems much smaller than in previous years, I think increasing the forage and/or amount of structure would help to grow larger fish of all species.	3/5/2015 9:57 PM
114	Walleye, wiper	3/5/2015 9:56 PM
115	Make a portion the rock cliff arm wake less. I enjoy fishing Jordanelle from the float tube, but it's dangerous with the water skiers running around. Lot of inconsiderate drivers.	3/5/2015 8:22 PM
116	Would love to see enforcement of the wakeless areas	3/5/2015 8:05 PM
117	The lake is over run by perch and needs some other predatory fish and more overall forage for the species currently there.	3/5/2015 6:57 PM
118	Jordanelle needs to be stocked with more fish. It used to be better fishing and I would catch a lot more fish and fished there often. Maybe it needs a slot limit to let fish get some size to them. I would fish at Jordanelle a lot more if the fishing got better, but the fishing is better at Strawberry or Deer Creek so I go there.	3/5/2015 5:47 PM
119	Its a nice reservoir, but way overcrowded with wake boats,ski boats. It not that big of a place for the typical crowd.	3/5/2015 4:48 PM
120	From my experiences it seems the forge population is way down, I could be wrong. The Smallmouth did not get big and fat eating bugs; it was the chubs that were really driving the fishery for a long time. So I am not sure what to suggest if the forge fish is down, personally I would like to see a great SM bass fishery along with a more trophy trout fishery (Brown and Rainbows). But I would also like to see a sageye and perch fishery to complement it. I think adding a Kokanee fishery would fill some of the gap in the forge base problem and help the fishery out. So that is my suggestion Focus on the bass if possible still. Create more of trophy trout opportunity and complement it with Kokanee, perch and maybe sageye.	3/5/2015 4:40 PM
121	This lake is Over crowded and the fishing is poor, small lake with too many water craft doing other things than fishing. With the proximity to SLC this should never be the target of fisheries management. Make WAKELESS the RockCLiff arm in its entirety and then fisherman will be attracted by a different management plan. No point in introducing new species to a reservoir that has no place for fishermen.	3/5/2015 4:31 PM
122	kokanee!!	3/5/2015 3:37 PM
123	Limit the number of boats. I LOVE jordanelle but absolutely hate the number of ski boats on the water. It makes it nearly impossible to enjoy your time when having to fight the wakes from ski boaters that don't understand the laws and regulations.	3/5/2015 2:15 PM

Jordanelle Reservoir Management Plan Survey

124	Make it a world class brown trout fishery	3/5/2015 2:02 PM
125	Not sure what could be done but it would be nice to have at least one trophy class smallmouth fishery in Utah. I am aware there are a few with trophy quality fish in them but I'm not aware of any lake managed for that	3/5/2015 1:51 PM
126	While I would welcome the addition of tiger and/or lake trout/splake to Jordanelle, I don't want to see the brown trout fishery decline either. There are very few reservoirs in this area that offer excellent brown trout fishing from a boat. The browns are in many reservoirs, but they're often more of an incidental catch. Its nice to have a lake reasonably close by that has a fishable population of healthy browns that average 18 to 24 inches, with the possibility of a large fish. Wipers would be cool too, but with as crowded as it gets during the prime summer months, I probably wouldn't go near Jordanelle to chase them anyway. IMO, I'd like to see Jordanelle kept as a trout lake, someplace that I can fish when the water is cold, and that has several different types of trout with the potential to get some size on them.	3/5/2015 1:03 PM
127	The sad truth is the biggest downfall to Jordanelle is the development. Summer homes and concrete campsites are everywhere, and unfortunately, not going anywhere soon.	3/5/2015 12:39 PM
128	the north east end needs to have some access for shore fishermen family's love to fish but the camping area gets crowded and some people get angry when kids get loud.	3/5/2015 11:57 AM
129	Add more forage fish. Bluegill, crappie etc.	3/5/2015 11:47 AM
130	Wipers and or tiger musky	3/5/2015 10:49 AM
131	Keep it dog friendly. Wouldn't mind making it more of a catch and release lake if there was more catching going on. More rangers patrolling to make sure the ski boats obey wake distance laws.	3/5/2015 10:29 AM
132	If you don't have a boat then access is terrible. If you do have a boat then you have several boats buzzing by you. The rules need to be enforced for safety. Boats are not looking for people on float tubes or pontoon boats. Picnic area is not very safe and family friendly.	3/5/2015 10:20 AM
133	I think overall the management is great. Maybe have a limit of how many boats can be on the water. Gets dangerous out there sometimes.	3/5/2015 9:36 AM
134	It seems that the average size of the SMB has gone down I am not sure why but would guess it relates to perch and chub populations. Wipers are great fun but are they an option without improving the forage fish type/populations. And would improving the forage also improve the SMB size. So I guess what I'm trying to suggest is either improve the SMB size or introduce another hard fighting game fish that has good opportunities for both size and numbers caught. If I want a lot of little SMB I can hit Deercreek.	3/5/2015 9:11 AM
135	More tiger trout and better facilities at Rock Cliff and from the North side. Wake less area in Rock Cliff.	3/5/2015 8:41 AM
136	Something worth fishing for. Why go to Jordanelle now better trout and bass fishing in other waters. I want something special!	3/5/2015 8:38 AM
137	needs more fish stocking	3/5/2015 8:22 AM
138	I'd love it if Jordanelle were a great fishery for just about ANY particular species. Right now, of course it's not great for any species. Lots of big perch would be fantastic, and would attract lots of anglers from all over. Perch have gone from being "undesirable" in the old days, to being immensely popular nowadays. But the main thing is for the fishing to be really good, for whatever species is decided upon. We have plenty of places to go for rainbow trout, and we really don't need more of those. As for wiper, walleye, kokanee etc, any of those would be VERY popular if anglers could go expecting to catch some nice fish. Obviously wipers would have to be planted on a regular basis, but if there's enough forage in Jordanelle to support them, wipers would make Jordanelle an extremely popular destination, especially since there's not another wiper fishery nearby. The important thing is to manage it for a species that will do very well there. We don't want to go to Jordanelle and catch a few little scrawny perch, or a couple little dinky smallmouth, etc, and that's the kind of fishing we have right now.	3/5/2015 8:20 AM
139	Bigger trout	3/5/2015 7:52 AM
140	Make the area between the Damn and Provo river inlet closed to water skiing and wave runners.	3/5/2015 7:14 AM
141	More quagga personnel	3/5/2015 7:06 AM
142	Manage for trophy brown trout	3/5/2015 6:51 AM
143	Access onto the lake is challenging in most areas. Really all you have available is the rock cliff, mayflower access points. Compared to Rockport and Deercreek where there are many access points.	3/5/2015 6:40 AM

Jordanelle Reservoir Management Plan Survey

144	<p>we are all getting sick of planter bows in every lake around, more people like to catch walleye, perch, bass, crappie etc than those planter bows, its getting old!!! Why cant we manage our lakes like idaho, wyoming, colorado. they have trophy fisheries for all species in all those states but utah seems to do the same old planter bow and cutthroat plantings. You wonder why the fishing in the last 10 years in utah especially for the panfish, bass , walleyes has extremely declined and still is. Trust me ive lived here a long time and its just getting worst. Pretty sad when people in utah will drive to the states next door to fish when utah has the potential to be a great fishing state. I dont mean to go off or anything just frustrated that the fishing here has gotten so bad when in the 80s and 90s and even early 2000s you could catch 50 perch at any lake with size, walleye came pretty easy too at lakes that do not produce anymore. Times are and have changed its time to get with what people want to fish for cause you dont hear much about folks complaining about the DWR in the other states mentioned.....HmMMM I wonder why? There is no need they are managing how it should be managed. [REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED] CMon DWR we want perch, eyes, wipers, more crappie gills, pike all those good fish. NO MORE TROUT!!!!!!!</p>	3/5/2015 6:21 AM
145	More access trails for bank fishing around Lake	3/5/2015 5:24 AM
146	Wiper and another kokanee fishery would be great.	3/5/2015 4:26 AM
147	access to our favorite shore fishing, and for question 14 I am disabled and can't work yet but I turn 65 this year and then I would be glad too	3/5/2015 1:00 AM
148	Kokanee or Lake Trout would be sooooo cool.	3/5/2015 12:15 AM
149	Wakeless speed. Reservoir is overcrowded and dangerous.	3/5/2015 12:01 AM
150	Big brown trout are what make Jordanelle amazing, and we need more big ones, even if it decreases the quantity of fish caught.	3/4/2015 11:34 PM
151	Selectively give the fish a winter to rest. Maybe this lake this year and that lake next year. Ice fishing decimates fish populations on good ice fishing years	3/4/2015 11:30 PM
152	A stead plan which has realistic chance of being successful.	3/4/2015 11:25 PM
153	More browns and large mouth bass	3/4/2015 11:08 PM
154	The biggest factor for me not fishing Jordanella is the number of ski/wakeboard boats and other personal water craft. Jordanelle is just to overcrowded in my opinion.	3/4/2015 11:05 PM
155	Needs a couple more access points for us non boaters. Because of its location I think it should be focused more on large fish to help with trash fish. And attract more fisherman. It's become a recreational boater place.	3/4/2015 11:01 PM
156	Could create a trophy walleye fishery.	3/4/2015 10:44 PM
157	I would love to see addition of other species to the reservoir! It seems to me like Kokanee would be an obvious choice but having another wiper fishery would be great also! Thanks and I hope to see more species added to other locations in the future.	3/4/2015 10:41 PM
158	None	3/4/2015 10:35 PM
159	more wallrye	3/4/2015 10:09 PM
160	Add a ton of kokes and a small amount of lake trout.. By adding kokes and Feeding the browns more small rainbows each year we will have a one of the best trophy brown trout lakes in the west. Change the strain of rainbows you r currently stocking and find a strain that will grow larger than 22 inches. Stavation is a good example. Use that strain if possible .	3/4/2015 10:05 PM
161	Better bass management! Maybe consider another predatory species to help thin out the bass population to allow them to grow bigger. Return it to its original glory.	3/4/2015 10:04 PM
162	Manage this for a trophy brown trout water such as wickiup res. in Oregon	3/4/2015 9:58 PM
163	Manage for trophy brown trout	3/4/2015 9:58 PM
164	Better perch, less trout, add walleye or lakers	3/4/2015 9:56 PM

Jordanelle Reservoir Management Plan Survey

165	Keep the lake a brown trout fishery	3/4/2015 9:53 PM
166	Make it so there's less boating going on.	3/4/2015 9:42 PM
167	Blue ribbon trout fishery look at the money that's been spent on aquatic life on the Provo river. We don't want the new fish of week. Keep the balance your not god.	3/4/2015 9:32 PM
168	I Would like to see Jordanelle become a Blue ribbon Brown trout Fisherie, Catch and Release, 1 over 22 inches. I would Like to see Tiger trout and Lake Trout as well Because of there size, I Promise you Once People Start Catching Record Size Fish Anglers will come from All Over the State, MAke It A Miniature Flaming Gorge. If you Plan On Making a Change, Go All The way and Actually Make a Significant Change. I Used to Live in Orem and I fished Jordanelle More times than I can count but the last 5-7 years the fishing has Dramatically Gotten worse by Fish size, Quantity and even Quality. The first thing I see when I look at jordanelle is a Reservoir that has the Potential to Be as Good a Fisherie as Fish Lake, Flaming Gorge, Strawberry/soldier creek and Even Lake Powell, You Just Need to Be Serious about making A Genuine Effort to Transform Jordanelle into one of The BEST Places to fish in the State	3/4/2015 9:20 PM
169	Increase the wakeless area of the lake.	3/4/2015 9:20 PM
170	Introduce largemouth bass, manage for quality.	3/4/2015 9:18 PM
171	Plant crappie in there	3/4/2015 9:16 PM
172	More availability to camp through out and around the lake	3/4/2015 9:10 PM
173	Bring back the spearfishing...	3/4/2015 9:06 PM
174	More Walleye!!!	3/4/2015 9:03 PM
175	What every you do don't put more cutthrough trout in it. I would like to see croppies and more perch.	3/4/2015 8:59 PM
176	Increase the bass size limit to at least 15" because we had this program for how many years and how often to you catch a big bass. We have to weed out the small bass to finally to control the population.	3/4/2015 8:57 PM
177	Maintain water levels so aquatic vegetation can grow. Shelter for fry and other forage.	3/4/2015 8:51 PM
178	Allow fisherman to keep a trophy sized smallmouth bass. It sucks to have to throw them all back in the lake. Not many keep the small bass so soon the population will be too high and they will all have stunted growth. Also NEVER, EVER, EVER plant a [REDACTED] cutthroat trout in the reservoir. Except for the kokanee, you have already ruined strawberry with those worthless [REDACTED]!	3/4/2015 8:42 PM
179	Maybe this has been done and I am just unaware of it. I would love to submerge fish habitat all over the lake. This could potentially raise fish numbers while providing locations for people to target different kinds of fish. If this is done on the north side of the lake possibly making a portion of that end of the lake a wakeless zone aimed at attracting more fishermen to the lake.	3/4/2015 8:35 PM
180	A slot limit, i believe every fishery in utah besides community ponds should have a slot limit that would bring up the size of fish in every reservoir in utah and would really bring up the ammount of fisherman, who wants to fish a place that gets fished out a month after planting?!? Nobody!	3/4/2015 8:32 PM
181	I would like to see a focus on habitat rehabilitation since the brush and tree structure around the banks of the lake have declined in quality.	3/4/2015 8:31 PM
182	Bass was a bad idea, need more access around lake	3/4/2015 8:22 PM
183	Raise limits, easy access on east side	3/4/2015 8:21 PM
184	The wiper is my favorite fish. Smallmouth is #2.	3/4/2015 8:20 PM
185	Make me catch more fish. Lol	3/4/2015 8:20 PM
186	I feel Jordanelle has the potential to be a very good location for brown trout fishing	3/4/2015 8:20 PM
187	The addition of a apex predator like tiger musky. But also a trophy program for brown trout.	3/4/2015 8:13 PM
188	An apex predator needs to be greater. Weather it's big Browns or something else so the smallmouth size will increase	3/4/2015 8:13 PM
189	I prefer BL cuts over rainbow although I like catching both.	3/4/2015 8:06 PM
190	Sterel rainbows, larger sized perch, and a few lake trout.	3/4/2015 7:58 PM

Jordanelle Reservoir Management Plan Survey

191	1	3/4/2015 7:58 PM
192	Kokanee would be great if possible. Lake Trout as well. Fishery has been good to me over the years.	3/4/2015 7:55 PM
193	tiger trout will grow big faster. that is what i want.	3/4/2015 7:51 PM
194	Tired of paying launch fees the boat ramp has paid for itself time and time again if you chose to charge for it over and over the use the money to build more boat launches just saying	3/4/2015 7:50 PM
195	I'd like to see more variety other than trout, Utah has a great abundance of amazing trout lakes and reservoirs. Some more great bass lakes would be a nice thing to have a little closer to the Wasatch Front.	3/4/2015 7:49 PM
196	U	3/4/2015 7:47 PM
197	Please add a sterile fish (walleye, wiper, saugeye, etc.) This way they won't interfere with June Suckers farther down in the system.	3/4/2015 7:46 PM
198	I would love to see the addition of crappie and saugeye. I would also like to see the lake managed with an emphases on trophy brown trout and less effort put into rainbow trout.	3/4/2015 7:39 PM
199	I can't justify paying \$9 or more just to fish in a small area of a lake. There are to many other lakes around that are \$5 or less with more access areas.	3/4/2015 7:38 PM
200	The main thing that has resulted in a decline in fishing at Jordanelle is the lesser quality bass fishing. While it is still very good, it isn't what it used to be. Of course, much of this is due to the natural aging of the reservoir from a new impoundment to an older one, with the accompanying decline of structure and nutrients. However, there are currently enormous numbers of small bass. The growth rate on these smaller fish appears to be disappointing. Unless harvest of these small fish is increased, I do not expect much change up there. Additionally, the trophy component of the bass population was the draw from years past. I do feel reduced harvest or a slot limit could still be considered to guide folks to concentrate harvest on the enormous under 12 inch segment of the smallie population. Usage of the Rock Cliffs ramp is often difficult due to large boats unsuccessfully trying to launch and getting stuck, shore anglers parking on the ramp, throwing out lines and not wanting to move for boats and tubers that want to launch, public littering and drunkenness and other enforcement issues. I know budgetary issues are a factor, but more delineated rules for use and enforcement at Rock Cliffs would enhance the experience up there and probably the numbers of folks using it appropriately.	3/4/2015 7:29 PM
201	Keep the water skiers out of most of the rock cliff arm, you cannot even fish on Saturdays because of the rude skiers that ski right up the wake less area. They come so close to your boat I avoid Jordanelle on Saturdays	3/4/2015 7:24 PM
202	What a great resource so close to the populous of the Wasatch front. It would be nice if the reservoir produce quality fish. I would like to have quality over quantity. A sustainable kokanee fishery this close to the front would also be a plus.	3/4/2015 6:21 PM
203	None, that's your job	3/4/2015 6:02 PM
204	Access to the PWC ramp for fishing boats. Ours is too big for the ramp in Rock Cliff and the main ramp is often crowded with wake board boats. It would be nice to have a larger no wake zone as well.	3/4/2015 5:57 PM
205	Please try Kokanee Salmon at Jordanelle, They will not harm any of the other species.	3/4/2015 5:55 PM
206	Fewer boats on the water on weekends, the state parks is meant for everyone, not just the water skiers	3/4/2015 5:55 PM
207	I would propose a large no-wake zone in the northern portion of the reservoir, also a boat ramp that would provide access only to fishing boats. I also propose the addition of more crawfish, as they are an excellent food source for smallmouth bass, and fun to catch for the family. We used to go to Jordanelle for 1 week every year, but the lack of decent sized smallmouth bass, crowds and low water levels, we have elected to go elsewhere. We do however, love the campground and services that are available at the park.	3/4/2015 5:45 PM
208	less access fee four one person	3/4/2015 5:26 PM
209	Until the numbers of perch can stay consistently high, my guess is that no predatory fish will thrive. Perhaps another type of forage fish would benefit the fishery more.	3/4/2015 5:25 PM
210	Ban all jet skis	3/4/2015 5:19 PM
211	More native species should be considered rather than these introduced sport fish that the state struggles to manage.	3/4/2015 5:14 PM

Jordanelle Reservoir Management Plan Survey

212	Utah Fees are a joke between State and Federal. I should not have to buy seperate passes for neighboring bodies of water. [REDACTED]	3/4/2015 4:40 PM
213	There needs to be a bait fish in the lake so the predator fish can get large and have decent numbers.	3/4/2015 4:36 PM
214	Dam holds most small mouth which no longer allowed to fish. Develop more areas which would attract small mouth or make it possible to fish the dam. Few fishermen are terrorists with a desire to blow up the dam.	3/4/2015 4:35 PM
215	Need access for tubers around lake w/o dog restrictions.How di you fish from a tube with a dog on a leach?	3/4/2015 4:27 PM
216	Catfish	3/4/2015 4:24 PM
217	Pleasure boaters can't use the lake until noon	3/4/2015 4:20 PM
218	Something that would help the smallmouth bass population and get some bigger fish again. Also like to see other warm water species such as Wiper or Tiger Muskie.	3/4/2015 4:10 PM
219	Kokes and sauger would be flat out AWESOME!!!!	3/4/2015 4:09 PM
220	More Brown trout	3/4/2015 3:43 PM
221	Improved boat ramp at cliff arm. Additional boat ramps at north an/or northeast side of reservoir. Lower access fees.	3/4/2015 3:41 PM
222	More success with Smallmouth and Largemouth Bass in size and quantity.	3/4/2015 3:31 PM
223	#1. Walleye #2. Perch #3. Kokanee	3/4/2015 3:23 PM
224	Make it a smallmouth fishery. There is a dozen or more rainbow fisheries within a stones throw of the valley, keep Jordanelle unique and offer something else for people that want it.	3/4/2015 2:36 PM
225	It would be great to have additional species. Probably can't do anything about it, but I avoid Jordanelle most of the year because the ramp is just too crowded.	3/4/2015 2:33 PM
226	I would like to see the SMB managed better within the lake, I think there could be great opportunities to make it a great SMB fishery and still a good trout fishery.	3/4/2015 2:32 PM
227	Consider adding Black Crappie	3/4/2015 2:16 PM
228	I think the state is more to number of boat(recreatianl) that the fishing at jordanelle,	3/4/2015 2:07 PM
229	Not more perch, but larger perch. More and larger would be a miracle.	3/4/2015 2:00 PM
230	More fish species would be fantastic	3/4/2015 1:56 PM
231	I would like to see it manage as a trophy brown trout fishery	3/4/2015 1:53 PM
232	8+ inch perch and 16+ inch smallmouth would get me very interested. An addition of wipers or tiger muskies would increase my interest even more so.	3/4/2015 1:46 PM

#	Other (please specify)	Date
1	I've fished there before and didn't catch anything.	3/27/2015 6:24 PM
2	Wakeboarding is more fun than fishing	3/25/2015 6:41 AM
3	I've fished there before and didn't catch anything.	3/24/2015 9:13 PM
4	Lake does not seem friendly for shore fishing. Accessible beaches are busy.	3/24/2015 7:23 PM
5	Too many pleasure boaters out to make fishing worth while. and not enough shore access around the lake.	3/20/2015 2:44 PM
6	lack of access , fees	3/19/2015 5:26 PM

Jordanelle Reservoir Management Plan Survey

7	little or no information on what goes on fishing wise. Always looks way crowded. Why travel to it when there are better places to go closer to were I live.(Ogden). I would love to go there but not sure it would be worth the trip.	3/18/2015 10:50 PM
8	Strawberry has easier access and better chance at a bigger fish.	3/17/2015 10:14 AM
9	The price to enter the park. The last time I went, it was \$10 to park, I'll go somewhere I can either fish for free or pay less than \$10. Charge \$10 for the people with boats and let the people without boats in cheaper or free. The amount of non-fishing boats on the lake create an unenjoyable fishing environment for me.	3/13/2015 9:29 PM
10	I've heard the smallmouth have gone down hill	3/12/2015 10:36 PM
11	i dont want to pay to access the water	3/12/2015 9:27 PM
12	I don't like to fish still water.	3/12/2015 3:22 PM
13	don't fish lakes.	3/12/2015 2:07 PM
14	prefer fly fishing on rivers	3/12/2015 8:48 AM
15	No boat	3/11/2015 11:54 PM
16	Fish the Provo. Ignorant about fishing Jordanelle	3/11/2015 9:19 PM
17	Prefer rivers	3/11/2015 9:08 PM
18	not present in summer.	3/11/2015 8:24 PM
19	poor access. they locked it up like it's a private resort.	3/8/2015 11:21 AM
20	Access to the smallmouth bass is difficult by foot	3/6/2015 11:04 PM
21	too much boat and PWC use	3/6/2015 11:02 AM
22	Lack of shore fihsing access.	3/5/2015 11:18 PM
23	I don't fish.	3/4/2015 10:23 PM
24	I'd rather fish streams	3/4/2015 8:47 PM
25	i dont fish	3/4/2015 8:09 PM
26	No trees around the lake, it's like strawberry, but I prefer the narrows and soldier creek.	3/4/2015 8:08 PM
27	ways for the handi cap to places to fish	3/4/2015 7:59 PM
28	seems like a bass fishing spot and you need a boat	3/4/2015 7:46 PM
29	Deer Creek is closer to home and with about the same species.	3/4/2015 3:53 PM
30	power boaters	3/4/2015 3:00 PM

Q17 What changes would cause you to consider fishing at Jordanelle Reservoir?

Answered: 63 Skipped: 633

#	Responses	Date
1	If it were a trophy trout fishery.	3/27/2015 6:24 PM
2	Good fishing reports from the shore, I have also heard that most of the reservoir shore is inaccessible for non boat owners.	3/25/2015 5:52 PM
3	none, prefer to wakeboard	3/25/2015 6:41 AM
4	Make it a trophy trout fishery.	3/24/2015 9:13 PM
5	More shore line access	3/24/2015 7:12 PM
6	more and bigger fish	3/24/2015 7:04 PM
7	More and improved shore access fishing spots. maybe more angler access parking specifically for anglers not boats or trailers. reduce fees for day use. more than perch, small mouth bass, and brown trout in the lake. would like to see more opportunity to catch maybe Crappies, or Walleyes in there now that Deer creek is positive with vilagers of the mussle I would like a close alternative for walleyes.	3/20/2015 2:44 PM
8	Put some tiger muskies in there.	3/20/2015 10:50 AM
9	A chance to catch trophy fish	3/19/2015 7:59 PM
10	better access , less commercialized	3/19/2015 5:26 PM
11	BIGGER BOAT RAMPS. MORE RAMPS. PLANT KOKANEE AND LAKE TROUT	3/19/2015 6:32 AM
12	I would love to go, but not just for Trout (not my favorite species). More Information about what is in there.	3/18/2015 10:50 PM
13	Kokanee salmon or lake trout	3/18/2015 10:44 PM
14	kokanee	3/18/2015 1:55 PM
15	I would go if the fish reports were better, and not all complaining about power boats	3/18/2015 1:53 PM
16	More/larger wakeless areas	3/18/2015 1:23 PM
17	Slot limit on the small mouth bass. Add another species of warm water fish.	3/18/2015 1:12 PM
18	My understanding of Jordanelle was that it was a water skier's lake.	3/17/2015 10:09 PM
19	A large wake free zone would help. To me, this lake is a playground for power boats... Makes life tough for anglers.	3/17/2015 6:59 PM
20	Improved catch rate with good sized fish.	3/17/2015 4:33 PM
21	Easy access and bigger fish.	3/17/2015 10:14 AM
22	In the late 90's and early 2000's, I fished Jordanelle often, sometimes weekly. Over the years the quality of fish died down. The trout fishing used to be amazing, now it is so-so at best. Make shore fishing easier and more fish catchable from shore. I would love to take my kids there and avoid the longer drive to Strawberry or Mirror Lake highway.	3/13/2015 9:29 PM
23	Better smallmouth and more big browns	3/12/2015 10:36 PM
24	Free access	3/12/2015 9:27 PM
25	Bigger and more fish	3/12/2015 9:00 PM
26	Won't happen.	3/12/2015 3:22 PM
27	fly fishing friendly/oriented areas. Combine fly fishing areas with access via mountain bike and hiking trails.	3/12/2015 8:48 AM

Jordanelle Reservoir Management Plan Survey

28	Kick boat Access and trout	3/11/2015 10:56 PM
29	Tiger musky	3/11/2015 10:14 PM
30	Limit boats	3/11/2015 9:51 PM
31	Education on what species are there and how to fish for them.	3/11/2015 9:19 PM
32	Better information about access.	3/11/2015 9:09 PM
33	More persona time to fish	3/11/2015 8:24 PM
34	In the summer months, access for pontoon boats at the ramps is poor due to other power boaters. More and different access points are needed.	3/11/2015 8:05 PM
35	A "no-boats" area or bigger wakeless areas.	3/11/2015 9:35 AM
36	provide more access without having to go thru the state parks	3/8/2015 11:21 AM
37	IF it were managed like Strawberry Reservoir with slot limits	3/6/2015 11:04 PM
38	more wakeless areas, or closed to water sports until 3 hours after sunrise, and 2 hours before sunset	3/6/2015 4:19 PM
39	More shoreline access.	3/5/2015 11:18 PM
40	Less people.	3/5/2015 10:17 PM
41	Bring in Tiger trout, Lake Trout, and Sterilize the Brown trout so the grow faster, Only allow 2 fish over 22 inches to be kept. once Word gets out that People are Catching 15lb tiger trout, 20-40 lb Lake Trout and 10-20 pound Sterilized Brown trout People will come from all over the state even Colorado and Wyoming, Making Jordanelle the most sought after Pace to fish next to Flaming Gorge and Lake Powell	3/5/2015 4:18 PM
42	More fish to catch and less boating pressure	3/5/2015 12:29 PM
43	Just make it a better fishery. Manage it more Like Strawberry	3/5/2015 11:06 AM
44	kokanee. Utah needs lakes with more kokanee . It is fast becoming to be very popular and to much pressure on strawberry and the gorge is to far to go for 3 fish. Electric lake is to small just like porcupine.	3/5/2015 9:44 AM
45	Increased forage for the bass and trout in order to allow them the opportunity to grow. Plant more perch so that the bass have something to feed on, plus it provides another species that are fun for kids and those looking to get into the sport of fishing.	3/5/2015 8:22 AM
46	More, larger trout, preferably brook trout or tiger trout.	3/5/2015 8:09 AM
47	Add Kokanee and lake trout to the lake	3/5/2015 7:37 AM
48	It's a boating lake, not a fishing lake. Fished there, 4 times. Skunked all 4 times.	3/5/2015 6:18 AM
49	1 smallmouth over 20 inches	3/5/2015 2:27 AM
50	More fish	3/4/2015 10:38 PM
51	have a wakeless area for small boats and float tubes. Have an area for water skiers separately. Enforce boating laws harder.	3/4/2015 10:30 PM
52	Can I hunt there?	3/4/2015 10:23 PM
53	different speicies	3/4/2015 9:41 PM
54	None	3/4/2015 8:47 PM
55	Planting of brown trout not rainbows like in all outhr lakes	3/4/2015 8:39 PM
56	More brown trout	3/4/2015 8:12 PM
57	It is all about tags. What about people that just bird and enjoy nature. The more fish DWR makes, the more tags you sell and it becomes a self fulfilling prophecy.	3/4/2015 8:09 PM
58	if it was full all the time I would be more inclined to go the way it is. Considering what I said before. But if I'm going that far I might as well go to strawberry. I live in pg. Largemouth bass should be added.	3/4/2015 8:08 PM
59	More trout, good shore access	3/4/2015 7:46 PM

Jordanelle Reservoir Management Plan Survey

60	I drive right by Jordanelle as I am headed to Strawberry. Sure it is a farther drive but I can fish in peace without all the party boats with drunk drivers, screaming music and rocking my boat constantly.	3/4/2015 7:37 PM
61	Better smallmouth and easier access.	3/4/2015 3:53 PM
62	limit it to fishing until noon, then recreation boating.	3/4/2015 3:00 PM
63	Slot limits to produce larger fish.	3/4/2015 1:42 PM
